
Preface

The General Accounting Office (GAO), an arm of the Congress, was established to independently audit government agencies. GAO's Health, Education, and Human Services (HEHS) Division reviews the government's health, education, employment, social security, disability, welfare, and veterans programs administered in the Departments of Health and Human Services, Labor, Education, Veterans Affairs, and some other agencies.

This booklet lists the GAO products issued on these programs. It is divided into two major sections:

- **Most Recent GAO Products:** This section identifies reports and testimonies issued during the past 2 months and provides summaries for selected key products.
- **Comprehensive 2-Year Listings:** This section lists all products published in the last 2 years, organized chronologically by subject as shown in the table of contents. When appropriate, products may be included in more than one subject area.

You may obtain single copies of the products free of charge, by telephoning your request to (202) 512-6000 or faxing it to (301) 258-4066. Additional ordering details, as well as instructions for getting on GAO's mailing list, appear at the end of this booklet.

Janet L. Shikles
Assistant Comptroller General

UMWA	United Mine Workers of America Combined Benefit Fund
VA	Department of Veterans Affairs
WIC	Special Supplemental Food Program for Women, Infants, and Children

Most Recent GAO Products (March - April 1995)

Health

Selected Summaries

Prescription Drug Prices: Official Index Overstates Producer Price Inflation (Report, 4/28/95, GAO/HEHS-95-90).

Recent research indicates that the producer price index for prescription drugs (PPI-Drugs) published by the Bureau of Labor Statistics (BLS), the official wholesale level index of U.S. drug prices, has overstated drug price increases substantially since at least 1984. This overstatement has three causes. First, before 1994, BLS used a market basket (sample) of drugs that underrepresented new and recently introduced drugs in the market. This sampling problem alone led PPI-Drugs to overstate drug inflation between 1984 and 1991 by an estimated 23 to 36 percent. Second, the index does not account for the cost savings incurred when consumers switch to lower priced substitutes, such as generics. Third, PPI-Drugs does not adequately separate pure price changes, which constitute inflation, from price changes that reflect different product characteristics, such as fewer side effects. Some progress has been made in addressing the causes of the overstatement. Regardless of the outcome of the PPI-Drugs debate, users should be aware of potential misuses of all price indexes.

Health (Comprehensive 2-Year Listing)

Access and Infrastructure

Ryan White Care Act: Access to Services by Minorities, Women, and Substance Abusers (Report, 1/13/95, GAO/HEHS-95-49).

Health Care: Federal and State Antitrust Actions Concerning the Health Care Industry (Report, 8/5/94, GAO/HEHS-94-220).

Ordering Information

The first copy of each GAO report and testimony is free. Additional copies are \$2 each. Orders should be sent to the following address, accompanied by a check or money order made out to the Superintendent of Documents, when necessary. Orders for 100 or more copies to be mailed to a single address are discounted 25 percent.

Orders by mail:

U.S. General Accounting Office
P.O. Box 6015
Gaithersburg, MD 20884-6015

or visit:

Room 1100
700 4th St. NW (corner of 4th and G Sts. NW)
U.S. General Accounting Office
Washington, DC

Orders may also be placed by calling (202) 512-6000 or by using fax number (301) 258-4066, or TDD (301) 413-0006.

Each day, GAO issues a list of newly available reports and testimony. To receive facsimile copies of the daily list or any list from the past 30 days, please call (301) 258-4097 using a touchtone phone. A recorded menu will provide information on how to obtain these lists.
